

## Year 6 Homework Set: 14.10.25 Due: 20.10.25

**Reading Comprehension** - In Year 6, many students look forward to their Physical Education (PE) lessons, and tag rugby is often a highlight. This exciting sport is a variation of rugby, where players wear belts with tags attached. Instead of tackling, players must remove the tag from their opponent to stop their progress. This makes tag rugby a fantastic way to learn teamwork, strategy, and sportsmanship without the physical contact associated with traditional rugby.

During lessons, students begin with warm-up exercises that get their hearts pumping and muscles ready. Once warmed up, they split into teams and practice essential skills, such as passing, running, and defending. Learning how to communicate effectively with teammates is crucial, as well as understanding the rules of the game. As the matches progress, students gain confidence in their abilities while enjoying the thrill of competition. Tag rugby not only promotes physical fitness but also fosters a sense of community within the class, making PE lessons both enjoyable and beneficial.

### Questions:

1. Interpret the phrase "essential skills" as it applies to tag rugby. What might these skills include? (2 marks)
2. What does "sportsmanship" mean in the context of playing tag rugby? (1 mark)

Add the correct -able and -ible words to the sentences using the word bank below to help you.

1. Sadie's new puppy was \_\_\_\_\_ - it got lots of attention at the park.
2. When we got home from holiday, I couldn't wait to sleep in my own \_\_\_\_\_ bed again.
3. In our science lesson, we were investigating whether it was \_\_\_\_\_ to mix oil and water.
4. My older sister is often \_\_\_\_\_ to me when her friends are around.
5. "What is that \_\_\_\_\_ noise?" screamed my mum when I first started learning to play the trumpet.

3. According to the text, what benefits does tag rugby provide besides physical fitness? (2 marks)

4. Do you think tag rugby is a suitable sport for promoting sportsmanship? Why or why not? (2 marks)

5. How does the use of descriptive language enhance the reader's understanding of tag rugby? (2 marks)

### Section 5

Match the prefix to the correct root word:

dis

look

mis

judge

over

loyal

Practice Practice Practice

1	$7753 + 138 + 286 =$ <input type="text"/>
2	$1 \times 522 =$ <input type="text"/>
3	<input type="text"/> $- 10 = 129$
4	$4200 \div 2 =$ <input type="text"/>
5	<input type="text"/> $+ 80 = 355$
6	$3.81 + 6.6 =$ <input type="text"/>
7	$400 \div 5 =$ <input type="text"/>
8	$7110 \div 9 =$ <input type="text"/>
9	$5768 - 1274 =$ <input type="text"/>
10	$1636 \times 10 =$ <input type="text"/>

This week's learning

1. A shop has a sale on 840 toys. They want to place them into sets of 28 toys each to donate. How many sets will they be able to donate?
2. A train can carry 500 passengers in one trip. If there are 2,500 passengers waiting to board, how many trips will the train need to make to carry everyone?
3. An artist has 1,200 art supplies which he wants to distribute evenly to 30 students. How many supplies does each student receive? What if he adds 60 more supplies before sharing?

1. A joiner needs 12 lengths of wood measuring 245mm and 6 pieces measuring 582mm. The wood is sold in lengths of 3m.

Calculate how many lengths of wood are needed, and how best to cut the lengths so the longest piece is left over.

2. A tin contains 425g baked beans in sauce. The tin itself weighs 60g.

How much will a pack of 6 tins weigh in kilograms?

3. A box of 12 tins of condensed soup weighs 4.02kg. The tin itself weighs 40g.

How much does the soup in each tin weigh in grams?

Doodle Maths: Please complete an activity on Doodle Maths 4 times a week.
