Special

You are even more precious and valuable than a diamond.

How would you welcome a baby into your family? And make it feel like it belongs?

How are you special and unique? What can you do that no one else can? How are you different to everyone else?

Being special – where do we belong?

Infant Baptism

In the bible it say that you are so special that you are written on the palm of God's hand! Even before you were born! Wow!
