

Attendance Celebration News to Share

Together we have reduced our late codes by 129 for this academic year. This means our children have received 11 hours more of education!

Thank you for your help with getting your children to school on time.

With your help we have continued to see a year on year improvement of our attendance data. Meaning our children are here more enjoying the variety of experiences and opportunities that we offer.

Thank you for working with us. We appreciate your understanding and willingness to talk about attendance.

Thank you for continuing to bring your children to school every day.

We are really pleased that 636 less illness codes reported this year. This means we have gained 330 extra learning days.

Our Attendance policy can be found here: www.stpaulsprimary.com/attendance along with our Steps For Intervention and other useful attendance related information including the NHS advice pages.

THANK YOU
